

## ARTIST OF THE MONTH

### MARION WISHNEFSKI

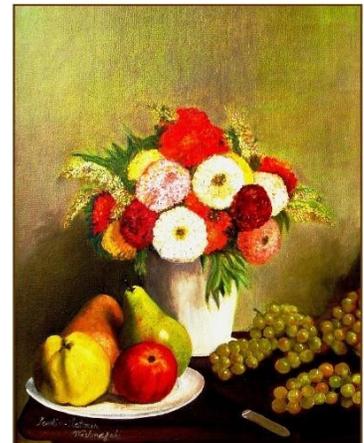

Marion is originally from Luzerne, PA, a town located about two hours north of Philadelphia. As far back as she can remember, she loved to draw and paint. Her favorite gifts as a child were crayons, paints, charcoal, and art paper. Her formal art education started in high school when she took daily art classes in watercolor, acrylic, pastel, printing, calligraphy and scratch board. On a college level, she took a batik class, where she learned the basics of waxes and dyes. Art, however, was not her major study. She loved computers and completed a BS and MS in Computer Science, then going on to work in the computer field as a college professor.

After retirement in 2005, she and her husband moved to Sun City and soon after she joined Palo Verde Artists. She paints both realistic and abstract in oil, acrylic, pastel, and watercolor, painting people, animals, floral, and landscapes. She has also taught workshops at Palo Verde Artists in batik, chain art, acrylic pouring, alcohol ink, basics of color mixing, and design enlarging. She has also been very active at Palo Verde Artists in other areas, having served as news editor, treasurer, gallery coordinator, and publicity coordinator. She has won many ribbons and awards and recently won first place and "Judge's Choice" at the Palo Verde Artists March 2023 Show.

Marion is also a member of Artists by the Lake and Vanguard Artists and has won many art challenges and ribbons at various art shows around the area. Other artistic endeavors include jewelry and beading design, handcrafted suncatchers, original art color books, and original art and hand painted wood and seashell ornaments.
